6	14/12/2011	ATPS, Nani Chher	21	26	47
7	15/12/2011	Mata No Madh	11	22	33
8	16/12/2011	Gadhsisa	40	7	47
<b>Total</b>			<b>237</b>	<b>156</b>	<b>393</b>

The informal feedback of participants of training are as under:

1. This training programme is very informative and should be done in Gujarati for the villagers of the nearby villages of mines in every year.
2. This training is very much useful to us for understanding environment, reclamation of mining area, plantation and all basic environmental issues of the project and we will tell this information to school children and other stackholders.
3. Good interactive session.
4. Explanation in Gujarati language could reach to involve maximum audience.
5. We will try to save environment and plantation more and more trees.
6. The presentation and video clipping was easy to understand. This training should given remaining all workers.
