INVITATION FOR BIDS (IFB)

Gujarat Mineral Development Corporation Ltd. (GMDC) is one of India's leading mining and mineral processing companies. For more than five decades, GMDC has been engaged in the development of the ample mineral resources of the state. GMDC ranked 486th among India's Fortune 500 Companies (2022) and among the Top-5 organizations by market capitalization in the mining sector. GMDC is India's second-largest Lignite-producing company. GMDC is a leader in Lignite exploration and supply in Gujarat. Mining lignite from deposit-rich areas across the state, GMDC markets it to various high-growth industries, including textiles, chemicals, ceramics, bricks, and captive power.

GMDC has embarked on an ambitious journey, strategically transforming itself into diversified portfolios spread across minerals and power assets while expanding its presence beyond the geographical boundaries of Gujarat. At the recently-concluded commercial coal block auction by the Union Ministry of Coal, GMDC has won the bids for Odisha's Burapahar Block in Hemagiri Tehsil of Sundargarh District, which has a geological reserve of 548 million tonnes (mt), and the Baitarani (West) Block in Chhendipada Tehsil of Angul District, which has a geological reserve of 1152 mt.

The new expansion will bring GMDC's diversified products to even more customers and create new job opportunities. GMDC is committed to supporting local economies and helping to drive growth and development. The new expansion would be a testament to GMDC's success and ongoing commitment to sustainability. GMDC has a vision of revolutionizing the Mining industry, and the expansion would be a significant indication of its commitment to that vision.

Believing and practicing the culture of accountable governance, GMDC established Gramya Vikas Trust on 7th January 1991 as Public Trust with Section 12A and 80G, registered under The Income Tax Act, 1961 for various developmental activities. GMDC-Gramya Vikas Trust (GMDC-GVT) works with the vision to enhance the quality of life of communities living in the GMDC active regions through innovative partnerships/programs, strategic collaborations, and stakeholder engagement.

In the year 2022-23 GMDC-GVT an implementing body of CSR for GMDC has been given fresh impetus, accordingly following are the focus areas:

- Skill Based Ecosystem- Focused Transformation;
- Promotion of Quality & Inclusive Education;
- Health facilities- Addressing gaps through Access & Availability;
- Drinking Water Including Integrated Water Shed Development & Sanitation;
- Ensuring Climate Action & Environment Sustainability;
- Cultural & Heritage Preservation;
- And design and implement tailor-made solutions to address their issues.

CSR Approach of GMDC:

GMDC is carefully cultivating a culture of building good relations with the community. It constantly strives to address the needs of the communities in and around its areas of operations, many of which are situated in the remotest regions of Gujarat. Over the years, GMDC is working on programs in Education, Healthcare, Drinking Water & Sanitation, and Rural Development for improving the quality of life of surrounding communities.

In today's world, sports play a pivotal role in fostering diversity, inclusion, and community empowerment. It serves as a powerful agent for positive change, impacting individuals and societies at large. Recognizing the transformative potential of sports, GMDC has taken a significant step by wanting to establish a Sports Academy in Odisha and Gujarat. This initiative aligns seamlessly with GMDC's Corporate Social Responsibility (CSR) policy, which, in turn, is deeply rooted in national priorities, Sustainable Development Goals, and the vision of the host State.

Odisha, in particular, stands out as a model state, where sports have been embraced as a means to bring about substantial change. The State Government's unwavering commitment to sports excellence is evident through its consistent organization of prestigious sporting events, both national and international. Moreover, Odisha has invested significantly in world-class sports infrastructure, positioning itself as a prominent hub for sports in India. Gujarat, too, has made significant strides in recognizing the significance of sports in community development. GMDC, being deeply rooted in the state, understands the importance of nurturing talent in Gujarat. GMDC acknowledges the vital importance of cultivating sporting talent from the grassroots level. Through the establishment of Sports Academies, GMDC aims to empower individuals across different demographics, including children, youth, women, and households, with the goal of catalyzing positive change within these communities.

To take this forward, GMDC intends to conduct a feasibility study with the objective to assess the potential for Sports Academy(ies) in GMDC's operational areas in Odisha and Gujarat, considering various key aspects including preference related to sports in the region, people's felt needs and the body built up as per the contextual sports. **A professional agency with expertise in conducting such studies will ensure that the assessment is thorough, impartial, and based on industry best practices.**

Professional agency shall provide an unbiased evaluation of the project's feasibility, ensuring that the study is not influenced by internal biases or preconceptions. The agency will conduct extensive market research, financial modeling, and risk analysis to provide GMDC with data-driven insights. This information will be invaluable in making informed decisions regarding the potential of setting up sports academy.

With this background, GMDC-GVT, Ahmedabad has issued a limited tender to identified agencies to participate in this selection process. Prospective bidders are required to refer the eligibility criteria as well as other terms and conditions of this document.
